Roina Tours

A warm and cozy tour

Roina Tours

logo meaning

Roina Tours comes from 「Road to China」, which implies an interesting study tour to China. The pattern is two graphics of different colors and shapes hugging each other, which means that although we have different cultural backgrounds, we can still hug each other and communicate in a friendly manner under the guidance of Roina Tours.

Roina Tours is a young and energetic team. With an unremitting pursuit of excellence, we are committed to providing every customer with an unparalleled study experience. We uphold the concept of "teaching in action, knowing and doing", and through carefully designed study activities, we help participants feel the power of education and the fun of exploration during their journey, leaving unforgettable memories.

Striving for Excellence and Perfection

In product development, Roina Tours insists on combining professional perspectives with innovative thinking, selecting each study route with a unique vision, and deeply exploring the educational value of each destination. We focus on incorporating multiple themes such as cultural heritage, natural exploration and technological innovation into the curriculum, and strive to polish each study product to the extreme so that it not only has profound educational significance but also is full of fun and interactivity. Every carefully planned itinerary is our commitment to quality.

Treat Each Other Sincerely and Win the Future Together

We regard each partner as a long-term companion, believe in simplicity and sincerity, always maintain a humble attitude, and listen to every need and suggestion. Through in-depth communication and tacit collaboration, we work with schools, educational institutions and other partners to create high-quality study products. Roina Tours firmly believes that trust and sincere partnerships are important cornerstones for achieving common goals and promoting educational development.

Meticulous and Warm Companionship

In terms of service, we firmly believe that details determine success or failure. Whether the detailed communication before the trip or the thoughtful arrangements during the activities, we always pay attention to every link to ensure a seamless connection. We believe that a good study tour is not only about the attraction of the destination but also about the participants being able to feel the care and warmth of the team. Roina Tours uses professionalism and sincerity to turn every study tour into a warm and meaningful journey.

Innovation-driven, Continuous Growth

Roina Tours' team culture is centered on innovation and learning. We encourage every team member to improve their professional capabilities continuously, embrace new challenges, and give back to customers with more efficient and professional services. At the same time, we always take customer needs as the guide, constantly improve ourselves, and strive to become the most trustworthy team in the field of study tours.
